partner in sundry supplies.

- Actual products may vary from the illustrations dependent on stock sources.
- Colours may vary or differ from those shown on the catalogue or quoted i.e. the industry term "Lime" with reflectives, usually manifests as bright yellow.
- Generic items, especially "Economy Spec" items, are adequate for the purpose intended, are economically priced and mass produced and offered as standard throughout the industry. Emphasis is on fair quality, quantity and price - therefore each batch may differ slightly from the next in terms of sizing, colour, texture etc. due to the multiple sources of procurement.

Pallet Wrap

Width	Micron	Length
400mm	11 μ	400 m
450 mm	11 μ	400 m
400 (Black)mm	20 μ	400 m
400 mm	13 μ	400 m
450 mm	13 μ	400 m
450 mm	15 μ	400 m
450 mm	17 μ	400 m
450 mm	20 μ	400 m
450 mm	25 μ	400 m
450 mm	13 μ	1000 m
450 mm	15 μ	1000 m
450 mm	17 μ	1000 m
450 mm	20 μ	1000 m
450 mm	25 μ	1000 m
100 mm	15 μ	200 m

*All stock is supplied on either normal 76mm core or 39mm extended core. There is no difference in price between the two options. All rolls of pallet wrap are individually wrapped in a 25 micron plastic jacket in order to protect the stock from soiling and dust.

*It should be noted that in general our product stretches in excess of 500% with a guaranteed stretch of 300%. This is an important factor as the yield to the client is effectively more than double the length of the roll. This translates to a potential cost saving of over 65%.

- Actual products may vary from the illustrations dependent on stock sources.

- Colours may vary or differ from those shown on the catalogue or quoted i.e. the industry term "Lime" with reflectives, usually manifests as bright yellow.
- Generic items, especially "Economy Spec" items, are adequate for the purpose intended, are economically priced and mass produced and offered as standard throughout the industry.
